

FLOAT & CORD TYPE LEVEL INDICATOR

This Float and Cord type level indicator (FCL18800) Provides High reliability with high accuracy. It is Suitable for measurement of Liquid Level in Medium and Large Size Tanks. This Liquid Level Measuring Device offers reliable operation even with Corrosive as well as aggressive acids and Liquids with fumes by coupling a transmitter to the dial, level alarm output and 4-20mA, output corresponding to the measuring range can be obtained.

SPECIFICATIONS :

Indication	:	Pointer
Measuring Range	:	2.5, 5, 10, 16, 20, 25 and 30 meters
Float	:	SS304, SS316, SS316L, PVC and PP
Tape	:	SS316
Bottom Anchor	:	MS, SS304, SS316 and SS316L
Housing	:	Die cast Aluminum
Protection	:	IP65
Accuracy	:	± 2 mm
Least Count	:	1 MM
maximum Temperature	:	200°C
